

Morning Drum Circle

Grades: 3rd-5th

Mondays: 7.15am-8am (Auditorium)

Instructor: Andreas Schmid

January 8th-March 21st (till Spring Break)

Cost: \$150 for 9 classes

Maximum amount of students: 10

Start the day with a powerful drum circle where students join together to create music, community and experience the power of drumming. Beginners as well advanced drummers are welcome. We'll be mostly working on routines and rhythms on African drums (djembes) but also integrate the drum set and other instruments from the percussion family. The goal of the class is to build up a strong sense of pulse and its different subdivisions as well experience various grooves and its cultural backgrounds.
